Notes	<p>Additional Notes</p> <p>1. Lippincott's Biochemistry is listed twice since it is required by 2 courses. The 6th edition or 7th edition is ok for Molecular and Cellular Biology. For Biochemistry, either the 7th edition or 8th edition is fine.</p> <p>2. As a Touro student you will have access to the ebooks and on-line resouces within the user limitations indicated above.</p> <p>3. You do not need to purchase either the Robbins or Harrisons textbook for Biochemistry. The use of the Touro library holdings for these texts will be sufficient for the course.</p>
